| <i>exp_wq_aer_adapt_in.csv</i> | Processed influent water quality data of the aeration adaptation experiment, SamplePoint "SEP-OUT" refers to influent |
| <i>exp_wq_aer_adapt_porewater_out.csv</i> | Processed pore water and effluent water quality data of the wetkands: test (HM) and control (HMc) during the aeration adaptation experiment |
| <i>model_input_influent_wq.csv</i> | Processed influent water quality data of the aeration adaptation experiment converted to CWM1 components |
| <i>model_input_watertemp.csv</i> | Processed field temperature data of the aeratoni adaptatoin experiment used for model boundary conditions |
| 02_measurement_data\ hyd_tracer_exp | |
| <i>tracer_clean.csv</i> | Processed data of tracer measurement and hourly flow data for systems Test (HM) and Control (HMc) for tracers Bromide and Uranine |
